

Free IT Gap Assessment Guide

30-min engineer call - written report in 48 hours

ASSESSMENT

Prepare for Amen complimentary gap assessment - no obligation, no sales script.

Step 1: 30-minute engineer call. Step 2: written gap report within 48 hours.

Procurement resource | Bilingual EN/FR | amensecurity.ca

Before the call

- List your top 3 pain points (downtime, security, cloud, support waits)
- Approximate user and device counts (we focus on 30-80 seat teams)
- Critical apps (EMR, ERP, line-of-business)
- Compliance drivers (PIPEDA, Law 25, sector rules)

During and after

- High-level review of monitoring, backup, and identity posture
- Prioritized gap summary: quick wins vs projects
- Optional: share read-only reports from existing tools
- Book: amensecurity.ca/en/contact - Trust: amensecurity.ca/en/trust
